DETAILED ACTION

1. This action is in response to the amendment filed on 3/16/2005.
2. The objections to the drawings, specification, and claims are withdrawn in view of applicant's amendment.
3. Claims 22-42 are allowed. The prior art alone or in combination fail to teach or make obvious on the following when considered in combination with other limitations in the claim: the constraints on the connection request for enabling the service of any connection request in a nonblocking way which include (i) the m active output addresses are consecutive upon a rotation of the ordering of the N output addresses of each of the upturned compressors, and (ii) a correspondence between the m active input addresses and the m active output addresses is order reversing after the rotation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
